

# Think about it

*Silva, RAFAEL*

*May 7, 2018*

## Setup

This section presents all the libraries used during the project.

## Executive Summary

**\*\* write here \*\***

## Introduction

This project looks into the *mtcars* dataset, with the objective of answering whether automatic or manual transmission is better for consumption in MPG and to quantify this difference.

The code chunk bellow loads the dataset into the working directory. The dataset documentation is available [here](#) or by typing **?mtcars** into R console.

```
data("mtcars")
```

## Exploratory Analysis
